EDUCATION

COLLEGE

INDERPRASTHA ENGINEERING COLLEGE

06/2018 - 06/2022

65%

B.Tech (3rd Yr)

- ECE

PERSONAL PROJECTS

Arduino Blinking Led

- arduino is an open-source electronics platform based on easy to use hardware.
- by using the arduino and c programming language created a project of blinking led and different pattern with led grid

WORK EXPERIENCE

Assistant Tester

Inderprastha Engineering College

Ghaziabad

Achievements/Tasks

- In my second semester i worked under my seniors as a assistant tester for Robo race / war.
- As a tester we were assigned to test the toughness and other pro and cons of the product for the robo race / fight.
- we tested the the final product at different measure like design for repelling the opponent product and connectivity (wired & wireless bluetooth).

SKILLS

C

C++

HTML

CSS

ACHIEVEMENTS

Third place in language competition during X th
writing and speaking in punjabi language

ORGANIZATIONS

GENTRONIX (06/2018 - 06/2022)

Announcements and Registration for various events

CERTIFICATES

The Arduino Platform and C Programming
(09/2020 - 10/2020)

University of California , Irvine

LANGUAGES

Language

Full Professional Proficiency
